

*Attachable Front Caster
with optional steering
column and hand brake.*

Maneuverable

- Even on sloped surfaces, you don't have to fight to go straight
- Navigate sidewalks easily and safely, even turn in place

Go where you want

- Large front tire goes over obstacles and off-road with ease
- Improved stability against tipping forward or backwards
- Optional hand break makes stopping and going downhill a breeze

Easy on-and-off

- Fits over 95% of adult and pediatric manual wheelchairs
- Attaches directly to your wheelchair's frame for added stability

Specifications

- With optional hand brake and steering column weighs 16 lbs./7 kg
- Without hand break and steering column weighs 12 lbs./5 kg
- Disc Brakes
